Alexandria, Virginia 22313-1450

### **Interview Summary**

The Applicant's representative thanks Benjamin J. Buss for his professional handling of the matter discussed below.

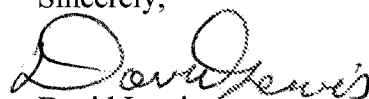

On February 20<sup>th</sup>, 2008, the Applicant's representative called Examiner Benjamin J. Buss with regards the Request for Continued Examination filed January 11<sup>th</sup>, 2008. The Applicant's representative explained that the Applicant was concerned that the status of application, as it appeared in the Patent and Trademark Office's Patent Application Information Retrieval, was that of waiting for response to Notice of Allowance, even though the Request for Continued Examination had been received by the Patent and Trademark Office. The Applicant's representative further explained the Applicant was concerned that the application might be mistakenly held abandoned due to the Request for Continued Examination not being docketed. Examiner Benjamin J. Buss said that

since the Request for Continued Examination had been filed more than a month prior to the current date, he could now look into the status of the Request for Continued Examination, and would do so.

Although the Applicant's representative has attempted to accurately convey the discussion between the Applicant's representative and Benjamin J. Buss, if the Applicant's representative has inadvertently mischaracterized any part of the conversation, Examiner Buss is invited to supplement the interview summary.

The Examiner is invited to call the Applicant's representative at the number below regarding this or any other matter if it will expedite the prosecution.

March 4, 2008  
Date

Sincerely,  
  
David Lewis
